	• Millhills Lady Augusta 1991397 Roan, Duncan M. Stewart	

E & M CONTROL — This senior herd sire is the son of Sni-A-Bar Control, undefeated grand champion at the Chicago International, American Royal and Denver Nat'l Western Livestock Shows in 1945 & 1946. His great grand sire was Calrossie Mercury, a Perth champion. His dam Sni-A-Bar Lady Augusta 4th, was purchased for \$2,000 in the 1945 Sni-A-Bar farms sale. Her dam, Millhills Lady Augusta, was the high selling female of the year when she came to Sni-A-Bar Farms. The many really outstanding sons and daughters of E & M Control that sell in this sale are the best recommendation any bull could have. Twenty-four sons and daughters of E & M Control average \$656.00 in Metzger's Dispersion sale, 9 sons and daughters averaged \$763.00 in Tomson Bros. sale, including the two top females, all by E & M Control.

**RINGWELL HEIR PILOT** — When we saw Ringwell Heir Pilot shown at the 1952 International at Chicago, we decided he was the bull for us to buy and go ahead with. He did not win his class but placed over a lot of high priced bulls. He is out of the same dam as the 1953 International Supreme Champion Ringwell Orange Talisman. His calves are very good headed and rugged, with good thickness throughout and heavy boned. We are well satisfied. We will have some at the sale. The following is what Ringwell's had to say about him in the International catalog footnote: "Ringwell Heir Pilot is a very good individual, evenly fleshed, very smooth and out of the \$6000.00 imported Beaufort Orange Talisman. He should make an outstanding breeding bull for a top herd."

## American Shorthorn Breeders' Ass'n. Guarantee

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later submitted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
